Our aim is to create a fun and relaxing environment, whilst providing quality care for those children aged 3-7 years using our setting.

We have been providing wrap-around care for the children attending Kindergarten and Charlton Kings Infant School for 15 Years.

We are set across two rooms, making use of our Kindergarten setting and the rainbow room in the Year 2 building.

We have themed weeks so that there is a clear focus on the activities we provide for the children.

We endeavour to use the outdoor learning environment whenever possible.

Here are some things that our children have said about kids club.
“Kids club is a club you go to, to have fun when your parents are at work”
“I like the crafts”
“I like going outside”

Indoor activities

We offer a wide range of activities to reflect the age range we care for.

We promote social interaction by playing board games, using construction toys such as Lego or Geomags. As well as dressing up and toys to fire the children's imaginations, we also have daily craft activities.

It is also important for the children to feel they can relax if they want to, so we also offer some calming activities such as colouring, reading or listening to audio stories.

Outdoor activities

We take full advantage of the outside space when the weather allows.

We have a range of both physical and quiet outside activities so that all the needs of the children are met. Here are a few examples of the activities we offer:

- Football
- Egg and spoon races
- Construction toys
- Reading
- Outdoor board games (snakes and ladders, noughts and crosses)
- Craft activities

Craft Activities

We offer a large range of craft activities in both our indoor and outdoor settings. The activities are related to the themed weeks we plan for the children.

Here are some examples of themed weeks we have held:

- Space
- World book week
- Under the sea
- Dinosaurs
- Easter
- Superheroes
