9th November 2020

Dear Parents,

We will be marking Road Safety Week 16th-20th November. Road Safety Week is the UK's biggest road safety event. People all around the country get involved to learn and spread the word about road safety. We will be encouraging our children to become Road Safety Heroes – with a mission to keep themselves and others safe when they are out and about.

Our key messages will be about safety when crossing the road, the importance of being seen in the dark and how to scoot/cycle safely. We will be exploring all of this in our class and year group bubbles during assemblies and throughout our continuous provision.

The children will also be taking part in an obstacle course, learning about how to keep safe when riding their bikes/scooters. **Children can bring their bikes/scooters into school on the following days:**

Y2 – Monday 16th

Y1 – Wednesday 18th

YR – Thursday 19th

Please ensure bikes and scooters are named. If you do not own a bike or scooter, we do have some spares for children to borrow (these will be kept within year group bubbles). Children should also bring in cycling helmets. Children will need to leave their bikes on the playground in their designated class area (for YR, this will be at the front of the school and for Y1 and Y2, this will be on the rear playground) when they arrive in school and they will be collected from the same area at the end of the day.

We hope that this year's event will be enjoyable. It is a fun week that carries very important messages which we hope your children can take with them whilst they are coming to school and returning home. We are also aware that during 'lockdown', it is important that our children continue to have daily exercise to support their physical and mental well-being (as well as our own!)

Many thanks,

Miss Moss
