23rd September 2022

Dear Families,

We would like to take this opportunity to thank all the parents who came to our workshops this week. We recognise that it was not possible for everybody to attend, and we would like to emphasise the importance of the content in the PowerPoints that were delivered. Please ensure that you make time to reflect upon these PowerPoints using the following link: <https://www.ckis.org.uk/yr-information>. We will be holding the second Phonics and Reading Workspop on Tuesday the 11th of October at 5.45pm – 6.00pm.

We believe that our children's learning does not stop and start at our front doors, but that it continues into their home experiences too. We have created a home learning overview that you can use to share learning experiences with your children. You can access this by using the following link: <https://www.ckis.org.uk/page/?title=Home+Learning&pid=328>

In the coming weeks, you will receive your child's login for Purple Mash. Purple Mash is an online platform for primary-aged children. It contains a wide range of age-appropriate, creative software tools for writing, drawing, coding, animating, blogging and much more. In addition to these programs, the platform provides resources and themed activities that you can explore with your child/ren at your leisure. You will also receive your child's NumBots login details. The aim of NumBots is to ensure children develop a core understanding of maths from an early age, establishing a strong mathematical foundation which they can build upon as they progress through their education.

Please also see 'A Guide to Home Learning in YR'. This is a clear guide that explains everything that your child will be bringing home in their bookbags and gives some extra opportunities for home learning. This has been sent to you via SeeSaw, along with this letter, and can also be found using the following link: <https://www.ckis.org.uk/yr-information>

Yours sincerely,

Emily Pergusey
(Blue Class & Year Group Lead)
