Tuesday 21st January 2025

Dear Families,

On the **28th of January 2025** it is National Lego Day to honour the iconic LEGO brick and the creativity and imagination it inspires. At CKIS we will be celebrating this day by running a whole school competition, with a chance of winning a prize, and have year group challenges which will be celebrated in class. Please see detailed below on how your child/ren can get involved.

Whole School Competition:

Can you use 30 LEGO blocks to make a mythical creature?

Bring your models and designs to school on National Lego Day where they will be entered into the competition with the chance of winning a prize.

Year group challenges:

Please send pictures or videos of your child/ren's model to your class teacher via seesaw for them to celebrate in class on National Lego Day.

Reception and Kindergarten: Name Challenge

Challenge: Can you make yourself a name tag using LEGO blocks?

Year One: Amazing Mazes

Challenge: Can you create a maze that a marble can run through including turns, tunnels and dead ends? Make sure your maze has a defined starting point and ending point! You may wish to plan your maze before making it.

Year Two: Boat Building

Challenge: Can you construct an unsinkable ship? Fill a sink with water and create a ship that must endure the "ocean" waves heavy cargo! Refine your design so that your ship can carry each time!

or a tub with and lots of support more

Kind regards,

Mrs Katie James
Head Teacher
